

Dear Members of the CCN,

Rotterdam The Hague Airport will transfer 1.124 unused winter 17/18 slots to Summer 18 by exceptionally increasing the operational planning limit. The possibility of such a transfer was presented in the Coordination Committee held on 31 August 2018. Only the operational planning limit is changed for Summer 18, the number of slots available for historic precedence in this season remains unchanged.

In the appendix of this e-mail you will find the addendum to the Rotterdam The Hague Airport capacity declaration for Summer 18.

The timeline for the increase of the operation planning limit is as follows:

- Friday 9 march 2018 publication of this addendum
- Request for new slots (for those who are not already on the RTM waiting list) for three full business days (12, 13 and 14 march 2018)
- Thursday 15 march 2018 start of slot allocation for the transferred capacity

Best regards,

Steven van der Kleij
