

Dear Members of the CCN,

Eindhoven Airport, will transfer 300 unused slots from Winter 17 to Summer 18, by exceptionally increasing the operational planning limit. Only the operational planning limit is changed to Summer18, the number of slots available for historic precedence in this season remains unchanged.

In addition, lifting us through the addendum, an operational limitation on D.4, this is possible as a result of a modified execution of procedures.

The timeline for this increase of the operational planning limit is as follows:

- Friday March 9,2018, publication of this addendum
- Request for new slots (if you're not already on the waiting list for EIN) for three (3) full business days, (March 12,13,14, 2018)
- Thursday March 15, 2018, start of allocations for the transferred capacity.

Kind regards,

Frans van den Broek
