Dear Ms. Ditvoorst,

Please find enclosed the capacity declaration for Summer 2019. We trust that you will allocate the slots for S19 to the aircraft operators in accordance with the limitations and requirements as specified in this capacity declaration. The enclosed capacity declaration is applicable to Commercial Aviation as well as General Aviation.

The upcoming legally binding maximum of 500,000 aircraft movements in Commercial Aviation during an operational year, of which no more than 32,000 are night movements, as well as the forthcoming Schiphol Airport Traffic Decree establishing the limit of 32,000 night movements, are taken into account as constraints in this capacity declaration.

The nominal operational runway capacity has been determined by LVNL (Air Traffic Control the Netherlands). As agreed, ACNL will communicate the capacity declaration and the resulting so-called runway graphs (or similar information) to the airlines through publication on its website or its portal e-Airportslots.

A copy of this letter will be sent to the Ministry of Infrastructure and Water Management, ORS (Regional Consultation Committee Schiphol), LVNL, SAOC (Schiphol Airline Operators Committee), BARIN (the Board of Airline Representatives in the Netherlands), airlines KLM, Martinair, Transavia, TUIfly, Corendon Dutch Airlines and easyJet, as well as the Coordination Committee Netherlands.

Yours sincerely,
ROYAL SCHIPHOL GROUP

B.I. Otto
Executive Vice President & COO
