Dear Members of the CCN,

Eindhoven Airport, will transfer 400 unused slots from Winter 18 to Summer 19, by exceptionally increasing the operational planning limit. The number of slots available for historic precedence in this season remains unchanged. In the appendix of this e-mail you will find the addendum of Eindhoven Airport capacity declaration for Summer 19.

The timeline for this increase of the operational planning limit is as follows:

- Friday March 8, 2019, publication of this addendum.
- Request for new slots (if you not already on the waiting list for EIN) for three (3) full business days, (March 11,12,13 2019).
- Thursday March 14, 2019, start of allocations for the transferred capacity.

Kind regards,
